

For Monday

- No reading
- No homework
- Come with your brains awake – there WILL be a quiz and we'll be working problems.

Program 7

- Any questions?

Exam 2 Corrections

- One more try – due Monday
- Union != merge (similar, but NOT identical)
- Also remember that the lists for problem 3 use an empty head node.
- If you have checkmark, the answer is OK, even if there's a comment.
- PLEASE come get help today if needed.

Bubble Sort

- What's the basic idea?
- Example

How long does it take?

Insertion Sort

- What's the basic idea?
- Example

How long does it take?

Comparing the Sorts

Sorting Objects in Java

- The Comparable interface
